Things to Consider

✓ Your medical coverage

First, check with your medical insurance carrier to see how they will cover you and your family when traveling internationally. If coverage is limited or unavailable, having international vacation medical coverage could give you peace of mind.

✓ Cost

Your cost of coverage is based on age, length of stay, policy amount, and deductible selected.

✓ Your personal situation

Do you (or an eligible family member) have an ongoing health condition or often require health care? If you answered "yes" and your medical carrier offers limited or no international coverage, having international vacation medical coverage could be valuable.
